ABOUT THE WORLD YWCA

The World YWCA has an ambitious goal: to reach 100 million young women and girls and transform power structures to end gender inequality by 2035. Established in 1855, the World YWCA is the world’s oldest women’s movement. With member associations in 109 countries, it works to fulfil human rights and make gender equality a reality. The World YWCA is a learning organization in which there is recognized mentorship across generations. Sixty percent of the members of the World Board are aged 30 and under. The purpose of the World YWCA is to develop the leadership and collective power of women and girls around the world to achieve justice, peace, health, human dignity, freedom and a sustainable environment for all people.

ABOUT YW4A

The World YWCA-led Young Women for Awareness, Advocacy and Accountability (YW4A) programme, funded by the Netherlands Government under the Power of Women (PoW) Fund strengthens the leadership and advocacy capacities of young women and women’s rights organisations (WROs) in Egypt, Palestine, South Sudan and Kenya. Together with progressive faith allies and policy and legal experts, these young women and WROs raise awareness, advocate and hold governments to account on young women’s human rights, with a focus on young women’s leadership, participation and sexual and gender-based violence (SGBV). The programme is implemented by a consortium of eight partners and 23 local WROs in Egypt, Kenya, Palestine and South Sudan.
